

Glitter pencils

That's what you need in material:

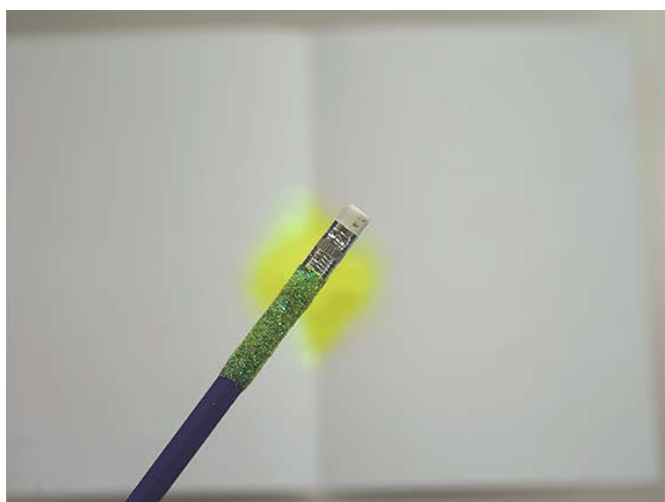

- Pencils
- BLANCOL Découpage glue & varnish
- Brush
- Glitter

1. Shake Découpage glue & varnish well before use, so that everything is well mixed. Using the brush, apply the adhesive varnish to the upper tip so that approximately 3-4 cm of the pen is covered with the glue. Make sure that the eraser doesn't get anything off the glue, otherwise you won't be able to use it for erasing. Our tip: cover the upper part with a small piece of Scotch tape!

2. Before the glue has dried, sprinkle the glitter over it to evenly cover the tip of the pen. I used a folded A4 paper as a base, with which I can catch the glitter and then simply put it back into the can. Allow the pencils to dry afterwards.

3. Either with the spray glue or Découpage glue & varnish seal the glitter parts again and let them dry well! Your glitter pencils are now finished!
