

Festive garland

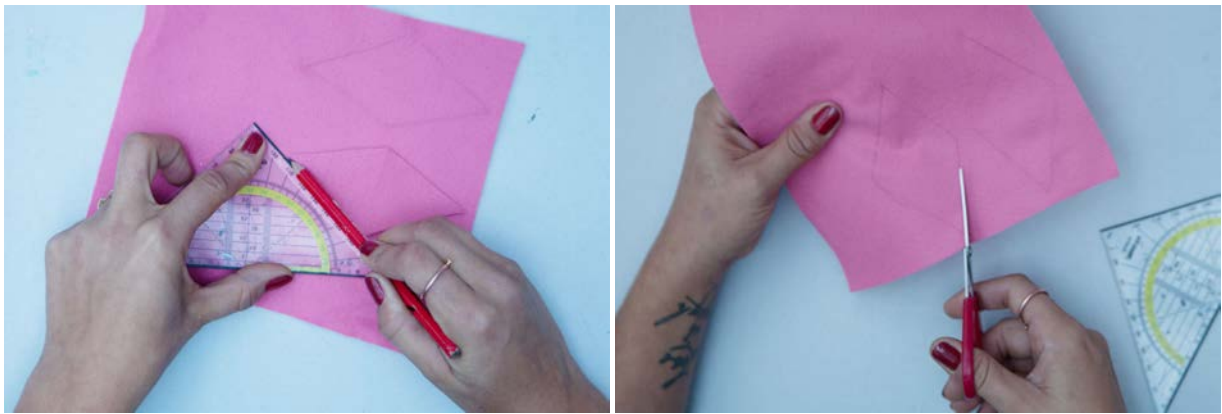

Material required:

- Felts in different colours
- String
- Pencil
- Scissors
- BLANCOL special adhesive TEXTILE

1. Draw the desired shape of your flags on the felts. So that the individual little flags can be attached to the string, the shapes have to be connected to one another on one side.

We have opted for little triangular flags that are approx. 6 cm long and 4 cm wide.

2. Now cut them out and lay them out ready in the order that you would like to have them on your garland.

3. Now fold your little flags once in the middle and place the string on the fold. Then stick the little flags together using BLANCOL special adhesive TEXTILE and allow everything to dry thoroughly.

The garlands can be produced in various sizes and shapes and optionally also decorated with BLANCOL Glitter Glue or BLANCOL Puffy Paint.
