

Paper bag

Material required:

- Wrapping paper
- scissors
- pencil
- BLANCOL white glue
- Ev. two small clothespins

1. Draw any size rectangle and cut it out.
2. Place one short side approximately to the center (do not fold) and spread about 1cm wide with glue.
3. Place the second side exactly over the glue line and press on without folding on the side. (Possibly fix the top and bottom briefly with clothespins).

4. Let the resulting tube dry for a few minutes.
5. Lay the tube on edge and fold over and up about 15 cm.
6. Pull the folded part back down on one side, creating two triangles at the edge.

7. Overlap the bottom well and fold.

On our website www.blancol.swiss/point-of-sale you will find an overview, where our BLANCOL products are available.

8. Glue well the triangles as well as the overlapping surfaces.

9. Stamp or label as desired (e.g. as gift wrap, chip bag, vase cover, etc.)

On our website www.blancol.swiss/point-of-sale you will find an overview, where our BLANCOL products are available.
