

Summer Wreath

Material required:

- BLANCOL glue gun
- BLANCOL glue sticks
- Wreath
- Decoration material (e.g. shells, anchor, ship etc.)
- Other decorations (e.g. cords)

1. The first thing I recommend is to arrange your decorations on the wreath.

2. If you are happy with your arrangement you can glue your decorations onto the wreath with a hot glue gun.

3. And your summer wreath is ready!
